7. Ineligible Program Activities and Expenses:

The following items are not eligible for funding within any JAG purpose area and may result in an administrative rejection of the application:

- JAG funds may not be used directly or indirectly for security enhancements or equipment for nongovernmental entities not engaged in criminal justice or public safety.
- JAG funds may not be used directly or indirectly to provide for any of the following fixed assets or contracted matters unless the Bureau of Justice Assistance (BJA) certifies that extraordinary and exigent circumstances exist, making them essential to the maintenance of public safety and good order:
 - Vehicles (excluding police cruisers), vessels (excluding police boats), or aircraft (excluding police helicopters);
 - Unmanned Aerial System (UAS), Unmanned Aircraft (UA) and/or Unmanned Aerial Vehicle (UAV) purchases;
 - Luxury items;
 - Real estate; and
 - Construction projects (other than penal or correctional institutions).
- JAG funds may not be used to purchase food and/or beverages.

For additional information on expenditures prohibited under JAG, as well as expenditures that are permitted but “controlled,” along with the process for requesting approval regarding controlled items, refer to the [JAG Prohibited and Controlled Expenditures Guidance](#). Information also appears in the [JAG FAQs](#).

Requirement for the use of federal funds by law enforcement agencies and municipal jurisdictions is as follows:

- To advance Executive Order 13929 Safe Policing for Safe Communities, the Attorney General determined that all state, local, and university or college law enforcement agencies must be certified by an approved independent credentialing body or have started the certification process to be eligible for these funds. To become certified, the law enforcement agency must meet two mandatory conditions: (1) the agency’s use of force policies adhere to all applicable federal, state, and local laws; and (2) the agency’s use of force policies prohibit chokeholds except in situations where use of deadly force is allowed by law.

The US Attorney General has designated the PA Chiefs of Police Association as the independent credentialing body for the Commonwealth under the Standards for Certification on Safe Policing for Safe Communities. For information on the certification process, please visit the PA Chiefs of Police Association’s website at [PA Chiefs of Police Association-DOJ Certification](#).

Additional restrictions on the use of funds include the following:

- To utilize JAG funds for Body-Worn Camera (BWC) equipment, or to implement or enhance BWC programs, applicants must provide to the Office of Justice Programs (OJP) a certification that the applicant has policies and procedures in place related to BWC equipment usage, data storage and access, privacy considerations, training, etc.

The certification can be found at:

<https://www.bja.gov/Funding/BodyWornCameraCert.pdf>.

- Additionally, as contained in Act 22 of 2017, PCCD is authorized to condition funding or grants related to the implementation, use, maintenance, or storage of BWCs or recordings from BWCs. All BWC initiatives awarded will be conditioned upon protocols, guidelines, or written policies being substantially compliant with applicable recommendations of the Commission.
- To utilize JAG funds for DNA testing of evidentiary materials, any resulting **eligible** DNA profiles must be uploaded to the Combined DNA Index System (CODIS, the national DNA database operated by the Federal Bureau of Investigation [FBI]) by a government DNA lab with access to CODIS. No profiles generated with JAG funding may be entered into any other non-governmental DNA database without prior express written approval from the Bureau of Justice Assistance (BJA). In addition, funds may not be used for purchase of DNA equipment and supplies when the resulting DNA profiles from such technology are not accepted for entry into CODIS.
- To utilize JAG funds for emergency communications, activities should comply with the *SAFECOM Guidance for Emergency Communication Grants (Fiscal Year 2021 SAFECOM Guidance)*, including provisions on technical standards that ensure and enhance interoperable communications.

The *SAFECOM Guidance* is an essential resource for entities applying for federal financial assistance for emergency communications projects.

It provides general information on eligible activities, technical standards, and other terms and conditions that are common to most federal emergency communications programs.

- Further, information-sharing projects funded with FY 2021 JAG funds must comply with DOJ's Global Justice Information Sharing Initiative guidelines, as applicable, in order to promote information sharing and enable interoperability among disparate systems across the justice and public safety communities. Recipients (and subrecipients) must conform to the Global Standards Package (GSP) and all constituent elements, where applicable, as described at https://it.ojp.gov/gsp_grantcondition. Recipients (and subrecipients) will be required to document their planned approaches to information sharing, describe their compliance with GSP, and document an appropriate privacy policy that protects shared information or provide detailed justification for why an alternative approach is recommended.

Applications describing a project with anticipated long-term impact, and that would require long-term financial support, must provide a cogent sustainability plan that includes the following items:

1. Once grant funds expire, how will the project continue? Describe how current and ongoing support for the program/project is and will be generated.
2. Identify sources of financial support and provide commitments from key stakeholders necessary to successfully sustain the program/project; if these are not currently available, how will these be obtained?

Letters from organizations or agencies willing to provide financial commitment can be attached to this section.

d. Performance Measures/Impact/Outcomes – (Maximum 15 points; length is limited to 5,000 characters; approximately one printed page)

In this section, please describe how the outcomes of the proposed project will be measured (i.e., short-term and long-term outcomes, data collection, and analysis, etc.).

In addition, subgrant recipients under this Funding Announcement will be **required** to accept and report on additional performance measures, as applicable, selected by PCCD staff that will fulfill federal guidelines for the use of JAG Funding.

e. Budget Detail – (Maximum 15 points)

As stated in PCCD's Applicant's Manual, all costs must be allowable, necessary for the performance of the project, reasonable, allocated to the project consistently, and claimed against only one grant award.

The budget detail section should identify what the funds will be used for and line items should be entered for each budgeted cost. Clearly identify all costs, including salary and benefits. Calculations should be clear and entered as the Egrants system requires in the budget detail section.

For any budgeted cost that is not self-explanatory, clearly explain the relationship between the budgeted costs and the proposed project activities/operation. Describe how the item will be used in the implementation of the proposed project. This section may include additional explanation of the computations stated in the Budget Detail section; however, computations provided within the line items should not be replicated in the justification field(s).

10. BJA Performance Measurement Tool:

a. Justice Assistance Grant (JAG) Data Collection Elements

Under this Funding Announcement, successful applicants are required to comply with all reporting, data collection, and evaluation requirements, as prescribed by law and detailed by the BJA in program guidance for the JAG Program.

BJA developed specific JAG Programmatic Measures that must be tracked and reported on for all applications awarded as part of this announcement. The programmatic performance measures are customized dependent upon the activity type(s) within each purpose area(s) supported under the awarded application. Applicants are not required to report on all JAG Programmatic Measures, only those that apply to your application. The full list of programmatic measures and other supporting documentation is available on the BJA website.

JAG measures for awards from fiscal years **2015 and beyond** can be found at https://bjapmt.ojp.gov/help/JAGDocs/01_JAGGeneralInformationQuestionnaire508.pdf

Successful applicants will be required to report on the JAG Programmatic Measures through the BJA Performance Measurement Tool (PMT) at the end of each calendar quarter. Training for the PMT will be made available through BJA; refer to the BJA website (<https://bjapmt.ojp.gov>) for additional information or follow the link: <https://bjapmt.ojp.gov/help/JAGTraining.html>. PCCD will establish the award for successful applicants in the PMT identifying which activities apply to your award.

Within 20 days of the end of each calendar quarter, you will be required to access the PMT, enter the required performance measurement information, and submit the report for review and approval. The PMT only pertains to BJA JAG data collection requirements. Any other reporting requirements associated with this Funding Announcement are identified elsewhere in this document; refer to those sections for details.

APPENDIX A – What is “evidence-based”

What do we mean when we say a program is “evidence-based”?

Programs can be placed along a **continuum of confidence** based on their evidence or theory

How to identify where a program is on the continuum:

Read the research studies on the programs you are considering to determine the following:

- 1) Was effectiveness demonstrated in rigorous scientific evaluations?
 - Look for at least one randomized control trial.
- 2) Was effectiveness demonstrated in large studies with diverse populations or through multiple replications?
 - Look for two or more studies, studies that show impact with diverse populations, and studies done by independent researchers (aka not the developer of the model)
- 3) Did the study show significant and sustained effects?
 - Look for follow-up data showing that impacts were sustained at a minimum of 6 months post program.

If the answer is yes to all three of these questions then most likely the program you are reviewing falls in the green, evidence-based end of the continuum.

The EPISCenter represents a collaborative partnership between the Pennsylvania Commission on Crime and Delinquency (PCCD), and the Bennett Pierce Prevention Research Center, College of Health and Human Development, Penn State University. The EPISCenter is funded by PCCD and the PA Department of Human Services. This resource was developed by the EPISCenter through PCCD grant VP-ST-24368.

Another way to identify where a program falls on the continuum is to utilize a clearinghouse that has already done the review of the research and rated the program's evidence of effectiveness.

| Rating Source | Area of Focus | Website |
|--|--|---|
| Blueprints for Healthy Youth Development | Child welfare, juvenile justice | http://www.blueprintsprograms.com |
| California Evidence-Based Clearinghouse for Child Welfare | Child welfare | http://www.cebc4cw.org/ |
| Coalition for Evidence-Based Policy | Social policy | www.coalition4evidence.org |
| CrimeSolutions.gov | Criminal justice | http://www.crimesolutions.gov/ |
| National Registry of Evidence-based Programs and Practice | Substance abuse, mental health | http://www.samhsa.gov/nrepp |
| Promising Practices Network | Child welfare, juvenile justice, social programs | http://www.promisingpractices.net/programs.asp |
| What Works Clearinghouse | Education | http://www.ies.ed.gov/ncee/wwc/ |
| What Works in Reentry Clearinghouse | Criminal justice | https://whatworks.csgjusticecenter.org/ |

One particularly useful clearinghouse is the **PEW Charitable Trusts Results First Clearinghouse Database**. This is a one stop shop for accessing the many lists of evidence-based programs.

1. Go To: <http://www.pewtrusts.org/en/multimedia/data-visualizations/2015/results-first-clearinghouse-database>
2. Type in the key words for the program or type of program you are looking for.
3. Compare ratings across various clearinghouses to determine which programs are rated most highly, most frequently.
4. Dig deeper for more information by hovering over the colored rating dots and clicking on learn more!
