BASIC INFORMATION

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Bureau of Justice Assistance](#) (BJA) is accepting applications for funding in response to this notice of funding opportunity (NOFO).

OJP is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety, protects the public from crime and evolving threats, and builds trust between law enforcement and the community. OJP's grant programs further DOJ's mission to uphold the rule of law, to keep our country safe, and to protect civil rights.

Agency Name	U.S. Department of Justice Office of Justice Programs Bureau of Justice Assistance
NOFO Title	BJA FY25 Justice and Mental Health Collaboration Program
Announcement Type	Initial
Funding Opportunity Number	O-BJA-2025-172323
Assistance Listing Number	16.745

Executive Summary

This funding opportunity seeks to fund programs that support collaborations to improve public safety responses and outcomes for people with mental health disorders (MHDs) or co-occurring mental health and substance use disorders (MHSUDs). The goal is to improve safety and well-being for adults with MHDs (including people with traumatic brain injury (TBI) and post-traumatic stress disorder (PTSD)) or MHSUDs who come into contact with the criminal justice system. BJA supports grants to help eligible entities plan, implement, or expand comprehensive collaboration programs to target [people who qualify](#). Please see the [Eligible Applicants](#) section for the eligibility criteria.

 - Anticipated Period of Performance Duration: 36 months

Note: Applicants may propose a budget that is less than the anticipated award ceiling amount. The budget should be reasonable to conduct the proposed project and be within the applicant's capacity to manage.

Availability of Funds

This funding opportunity, and awards under this funding opportunity, are subject to the availability of funding and any changes or additional requirements that may be imposed by the agency or by law. In addition, nothing in this NOFO is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States or its departments, agencies, entities, officers, employees, agents, or any other person.

Statutory Authority

Pub. L. No. 90-351, Title I, Sec. 2991 (codified at 34 U.S.C. 10651); additional authority for any awards under this funding opportunity is expected to be provided by a full-year appropriations act for FY 2025. As of the writing of this NOFO, the Department of Justice is operating under a short-term "Continuing Resolution;" full-year appropriation for the Department has been enacted for FY 2025.

Resources for Applying

Pre-Application Webinar: A webinar on this NOFO will be held on Thursday, February 20th, 2025 at 1:00pm ET. Preregistration is required for all participants. Register by clicking on this link https://csg-org.zoom.us/webinar/register/WN_cGAxaC8CT3GIFLJJLTJpiw#/registration. Submit any questions in advance to lesupport@csg.org no later than February 14, 2025. Submit questions with the subject “Questions for BJA FY25 Justice and Mental Health Collaboration Program Webinar.” The session will be recorded and available on [Past Events - CSG Justice Center](#).

[OJP Grant Application Resource Guide](#): Referred to as the Application Resource Guide throughout the NOFO, this resource provides guidance to help applicants for OJP funding prepare and submit their applications.

[JustGrants Application Submission Training Webpage](#): Offers helpful information and resources on the grant application process.

Note: If this NOFO requires something different from any guidance provided in the [Application Resource Guide](#), the difference will be noted in this NOFO and the applicant should follow the guidance in this NOFO.

ELIGIBILITY

Eligible Applicants

The types of entities that are eligible to apply for this funding opportunity are listed below:

- **Government Entities**
 - State governments
 - County governments
 - City or township governments
 - Special district governments
- **Tribal Organizations**
 - Native American Tribal governments (federally recognized)
- **Educational Organizations**
 - Public and state-controlled institutions of higher education
- **Other**

“Other” Entities Definition: Agencies with a different legal status (e.g., nonprofit or for-profit mental health agencies) are eligible to apply only if they meet both of the below requirements:

1. The applicant is designated by the state mental health authority to provide services as a unit of the state or local government.
2. The applicant must attach documentation to support this designation.

Applicants should contact your state mental health authority to see if they have the appropriate designation to meet the eligibility criteria. The state mental health authority is required to provide documentation that supports the designation of your non-profit as a state or local government provider. If an application does not include the required documentation, it will not proceed to peer review and will not receive any further consideration.

State Government Entities: For the purposes of this NOFO, “state” means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

Other Units of Local Government: For the purposes of this NOFO, other units of local government include towns, boroughs, parishes, villages, or other general purpose political subdivisions of a state.

Additional Applicant Eligibility Factors

Applicants must demonstrate that at least one criminal justice agency and one mental health agency will support the project through commitments of staff time, space, services, or other project needs described in an attached memorandum of understanding (MOU) or letter of intent.

Limit on Number of Applications

An applicant may submit more than one application if each application proposes a different project in response to the NOFO. Also, an entity may be proposed as a subrecipient in more than one application.

Applications under which two or more entities (project partners) would carry out the federal award will be considered. However, only one entity may be the applicant for the NOFO; any

others must be proposed as subrecipients. See the [Application Resource Guide](#) for additional information on subawards.

Cost Sharing/Match Requirement

For this opportunity, match **is** required.

Please see [Program Description: Cost Sharing/Match Requirement](#) for details on the match calculation and what types of contributions are acceptable.

PROGRAM DESCRIPTION

General Purpose of the Funding

The Justice and Mental Health Collaboration Program (JMHCP) funds programs that support cross-system collaboration between the justice system and mental health services to support people with behavioral health conditions, intellectual disabilities, developmental disabilities, PTSD, and/or TBIs who interact with the criminal justice system. These programs aim to reduce involvement with the criminal justice system and assist those reentering the community.

For the purposes of this NOFO, people with MHDs, co-occurring MHSUDs, PTSD, as well as people with intellectual disabilities, developmental disabilities, and/or TBIs will be collectively referred to as people with behavioral health disorders. This terminology is intended to ensure that the integration of co-occurring needs is adequately addressed. This is also in support of [The TBI and PTSD Law Enforcement Training Act \(H.R. 2992\)](#).

JMHCP focuses on strengthening partnerships between justice and behavioral health systems, helping state and local governments work together effectively. This collaborative approach enhances support for individuals at risk of incarceration and those living with behavioral health disorders and who may experience a crisis across the justice continuum.

Abreu, D., Parker, T. W., Noether, C. D., Steadman, H. J., & Case, B. (2017). Revising the paradigm for jail diversion for people with mental and substance use disorders: Intercept 0. *Behavioral Sciences & the Law*, 35(5-6), 380-395. <https://doi.org/10.1002/bsl.2300>
© 2020 Policy Research Associates, Inc.

The Sequential Intercept Model (SIM) shows how people with behavioral health needs may come into contact with and move through the criminal justice system. The SIM helps communities identify available resources and gaps in services at each stage, allowing them to create action plans. Applicants should describe where services are most needed and requested based on the SIM in their proposal narrative. For more information on the Sequential Intercept Model visit the following: [Criminal Justice System Sequential Intercept Model | SAMHSA](#).

Key activities include:

- Connecting individuals to behavioral health and community services at all points throughout involvement with the justice system.
- Creating programs to redirect individuals from the justice system to behavioral health services.
- Linking people with behavioral health disorders to case management and crisis stabilization services.
- Establishing or expanding mental health courts or other court-based solutions.
- Increasing diversion strategies led by prosecutors or defense teams.

- Providing needed supports/services for people with behavioral health disorders including employment, housing and primary care.
- Improving evidence-based and trauma-informed screening/assessment and treatment services for people with behavioral health disorders in correctional facilities.
- Offering specialized pre-trial supervision and probation/parole support for cases involving people with behavioral health disorders.
- Training public safety officials and behavioral health providers.
- Building partnerships between state and local agencies.
- Improving competency evaluation and restoration services, along with strengthening local crisis systems, to improve outcomes for people experiencing a behavioral health crisis through BJA's [Aligning Health and Safety](#) (AHS) initiative.

Focus Areas for FY25

For FY25, JMHCP will concentrate on pretrial, prosecution/defense, courts, probation/parole, and the needs of adults with behavioral health disorders who are homeless, particularly those who come in contact with the justice system. Applications should address these focus areas in the project description and must show collaboration between criminal justice and mental health agencies.

For law enforcement-focused projects ([sequential intercepts 0-1](#)), see the separate NOFO entitled “Connect and Protect: Law Enforcement Behavioral Health Response Program.”

BJA will make site-based awards for grantees to pursue the following objectives:

Common Objectives of All Categories:

- Increase the community’s workforce capacity (i.e. certified mental health peer recovery specialists and behavioral health clinicians) along with wraparound services to support people with behavioral health disorders.
- Improve the capacity to identify and support people with behavioral health needs in the justice system.
- Enhance collaboration between justice and mental health programs focusing on pretrial, prosecution/defense, courts, corrections, probation and parole.
- Increase capacity building for criminal justice professionals to identify and provide support to people with behavioral health disorders (including people with TBI and PTSD). This objective is in support of [TBI and PTSD Law Enforcement Training Act \(H.R. 2992\)](#).

Category 1 and Category 2: Local, Tribal, and County Governments

1. Programs to Prevent Further Justice System Involvement

- Improve programs for individuals with mental health and substance use conditions: Focus on pretrial, prosecution, and court areas to reduce repeat offenses. Key strategies include:
 - Support court helpers: Hire navigators, case managers, defense attorneys, and liaisons to assist people in court.

- Include peer support: Bring in people with lived experience to help in court settings, improving support and services for those with mental health conditions.
- Build community connections: Create more resources for meetings, training, and mapping available services to strengthen ties between courts and the community.
- Train court staff: Provide more training on behavioral health conditions and the impact of trauma for judges and court employees.
- Ensure fairness: Look at data to make sure programs and interventions are applied equally to everyone in the court system.
- Encourage trauma-informed treatment over punishment: Use strategies to guide people toward treatment options instead of the justice system.
- Connect to community care: Prosecutors should work on linking people to local support and ensuring fair treatment options align with community needs. Please visit: [Propelling Change: A Prosecutor's Call to Action](#).

2. Case Management and Specialized Supervision

- Create best practices for case management with focus on:
 - Triage and assessment: Use person-centered, trauma-informed approaches for effective assessment of mental health, substance use, trauma, and brain injuries.
 - Connect to services: Facilitate collaboration in case management to link individuals with trauma-informed treatment and community support.
- Develop specialized supervision case plans: Tailor case plans for individuals with behavioral health disorders while maintaining accountability and public safety. For more information, see: [Implementing Specialized Caseloads to Reduce Recidivism for People with Co-Occurring Disorders](#)

3. Workforce Development and Training

- Support the workforce: Provide ongoing training for criminal justice and behavioral health partners to enhance collaboration.
- Find and implement training: Focus on justice and mental health collaboration, including [withdrawal for people with substance use disorders](#) and supporting individuals with behavioral health conditions and disabilities.

4. Data Tracking and Continuous Improvement

- Track data for improvement: Collect data to assess program effectiveness, sustain initiatives, and highlight successes.

5. Community Engagement and Trust Building

- Enhance community trust: Foster better relationships with individuals, families, and advocates through outreach and improved volunteer programs, like peer mentorship in facilities.

6. Involvement of Behavioral Health Experts

- Involve behavioral health experts: Place behavioral health professionals in community supervision offices to assist with case management, treatment, and resource connection.

7. Addressing the Needs of Correctional Facilities

- Improve screening and assessment: Enhance universal, evidence-based screening and assessment processes for individuals during detention and incarceration.
- Increase treatment and case management capacity: Focus on expanding trauma-informed treatment options and case management support for individuals while incarcerated.
- Address reentry needs: Ensure connections to services and benefits before and after release, including Medicaid and Supplemental Security Income/Social Security Disability Insurance (SSI/SSDI).
- SSI/SSDI outreach, access, and recovery (SOAR) training: Implement [SOAR training](#) for staff to improve the acceptance rates and speed of SSI/SSDI applications.

Category 3: State Governments

- Improve access to treatment using frameworks and toolkits for effective funding strategies developed under [BJA's Aligning Health and Safety Initiative](#) and training and technical assistance (TTA), specifically designed to address effective and efficient public and private financing (e.g. Mental Health Parity and Addiction Equity Act, increasing use of Medicaid, and private billing for providers) when caring for people with behavioral health disorders.
- Support state-level policies to enhance local engagement and access to care.
- Establish multidisciplinary task forces for systemic change in court responses.
- Promote cross-system data collection for better service collaboration.
- Enhance competency evaluation and restoration processes for individuals in the justice system.

BJA strongly encourages applicants to review [Behavioral Health Diversion Interventions: Moving from Individual Programs to a Systems-Wide Strategy \(csgjusticecenter.org\)](#), which was developed based on work with previous JMHCP grantees.

Per the authorizing statute, JMHCP requires a two-phase process consisting of planning and then implementation activities, during which grantees will develop a coordinated approach to implementing or enhancing services for people with behavioral health disorders who come in contact with the criminal justice system. Applicants must submit one application that proposes detailed activities for both a planning phase and an implementation phase.

The planning phase will be up to 12 months long, during which the recipient will have access to only \$100,000 in award funds for completion of the phase. The implementation phase will begin once the grantee has met the requirements of the planning phase, to include the recipient's completion and BJA's approval of the required "[Planning and Implementation Guide](#)," and it will continue for the remaining time of the grant.

Prior JMHCP awardees who are applying for FY25 funds to enhance or expand their programs and have already completed and received BJA approval of the required Planning and

Implementation (P&I) Guide should attach the approved P&I guide with their initial application. Prior JMHCP awardees should also identify they have completed the P&I Guide in the proposal narrative.

Grantees must demonstrate that at least one criminal justice agency and one mental health agency will participate in the administration of the program through established roles and responsibilities described in a signed and finalized memorandum of understanding (MOU).

To learn more and to view samples of previous, successful applications, visit: [Successful Applications | Bureau of Justice Assistance \(ojp.gov\)](#) and [Grantee Resources | Justice and Mental Health Collaboration Program \(JMHCP\)](#).

Applicants should refer to [Application Contents, Submission Requirements, and Deadlines: Budget Detail Form](#) for information on allowable and unallowable costs that may inform the development of their project design.

Agency Funding Priorities

OJP will provide priority consideration in awarding funding for the areas in consideration of OJP's mission and goals.

The programmatic priority areas for consideration are:

- Promote effective strategies for identification and treatment of females with behavioral health disorders who are involved with the criminal justice system.
- Promote effective strategies to expand the use of mental health courts and related services.
- Propose interventions that have been shown by empirical evidence to reduce recidivism.
- When appropriate, use validated assessment tools to identify and prioritize individuals with a moderate or high risk of recidivism and a need for treatment services.
- Demonstrate and ensure that funds are used for public health and public safety.
- Demonstrate active participation of co-applicants in administering the program.
- Document, in whole or in part, that funds used for treatment of incarcerated populations will provide transition and reentry services for such individuals.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee a funding award.

Program Goals and Objectives

Goal 1: Improve criminal justice and mental health collaboration to improve responses and outcomes for people with behavioral health disorders who come into contact with the criminal justice system.

Objective 1: Assist eligible entities to plan, implement, or expand comprehensive collaboration programs to improve public safety and public health for preliminarily qualified people with behavioral health disorders who come in contact with the criminal justice system. The definition of "preliminarily qualified offender" is outlined in the 21st Century Cures Act and codified at 34 U.S.C. 10651(9)(A). See text at: [Text – H.R.34 –](#)

[114th Congress \(2015–2016\): 21st Century Cures Act | Congress.gov | Library of Congress.](#)

Objective 2: Assist state and local governments to better collaborate together and with their communities and enhance behavioral health and crisis response systems throughout the entire crisis continuum for people facing potential incarceration (beyond initial contact) and living in the community with behavioral health disorders based on the [DOJ and Department of Health and Human Services Guidance for Emergency Responses to People with Behavioral Health or Other Disabilities](#).

How Awards Will Contribute to Program Goals/Objectives

The award recipients will plan, implement, or expand comprehensive programs aimed at improving public safety and health for people with behavioral health disorders who come into contact with the criminal justice system. The recipients will focus on improving safety and health outcomes for preliminarily qualified people who come into contact with the criminal justice systems through collaboration programs, and behavioral health and crisis response systems. These efforts will contribute to reducing criminal justice involvement and improving public safety and the well-being of adults facing these challenges.

Expected Outcomes: Deliverables and Performance Measures

To achieve the goals and objectives of this funding opportunity, OJP has identified expected deliverables that must be produced by a recipient. OJP has also identified performance measures (pieces of data) that will indicate how a recipient is achieving the performance goals and objectives previously identified. Recipients will need to collect and report this performance measure data to OJP.

Deliverables

Deliverables are what the applicant will create or produce under the award. The term “deliverables” as used here refers to discrete products under an award. An award may support activities (e.g., personnel time for award activities) that are part of recipient performance but are not considered deliverables. Award recipients will be expected to develop and submit the deliverables listed below in the course of implementing their proposed project.

Expected deliverables include:

- Develop a detailed P&I Guide that follows the format provided by [BJA's TTA provider](#) and aligns with the objectives listed above. Incorporate TTA information and best practice guidance, which will be delivered by BJA's TTA provider, into the P&I guide.

Performance Measures

Performance measures are data that show a recipient's progress in implementing their project, such as the number of people served or number of trainings conducted. OJP will require each award recipient to submit regular performance reports that communicate progress toward achieving the goals and objectives identified in [Program Goals and Objectives](#). Applicants can visit [OJP's performance measurement page](#) at [ojp.gov/performance](#) for more information on performance measurement activities.

A list of performance measure questions for this funding opportunity can be found at [JMHCP-Measures.pdf \(ojp.gov\)](#).

Funding Instrument

OJP expects to make awards under this funding opportunity as grants. See the “[Administrative, National Policy, and Other Legal Requirements](#)” section of the [Application Resource Guide](#) for a brief discussion of important statutes, regulations, and award conditions that apply to many (or in some cases, all) OJP awards.

Cost Sharing/Match Requirements

This funding opportunity requires cost sharing or match from the award recipient. “Match” means the portion of project costs not paid by federal funds or contributions (e.g., staff time not charged to the federal share of the budget, supplies provided by the recipient). Items provided as part of the match must support the fulfillment of proposed activities, be allowable costs under this funding opportunity, and have documentation of their value. The match may not be used for, and may not consist of, costs that are unallowable for this funding opportunity. See [Application Contents, Submission Requirements, and Deadlines: Budget Detail Form](#) for more details on this funding opportunity’s unallowable costs.

Recipients must satisfy this match requirement with cash and/or in-kind contributions. “In-kind” contributions may be in the form of services, supplies, real property (e.g., office space), and/or equipment.

Explanation of the Calculation

This NOFO requires **an escalating percentage cash or in-kind match based on the total project budget**. A match of 20% is required for years 1 & 2 combined. Match may be met through any combination of percentage between years 1 & 2 as long as the combined match is 20% of total project cost for both years combined. For year 3, a 40 percent match is required. Federal funds awarded under this funding opportunity may not cover more than 80 percent in years 1 and 2 and 60 percent in year 3 of the total costs of the project being funded. An applicant must identify the source of the 20 percent and 40 percent non-federal portion of the total project costs and how they will use match funds. If an award recipient’s proposed match is more than the required match amount and OJP approves the proposed budget, then that total match amount becomes part of the project budget, which is subject to audit.

Example: How to calculate each year of escalating match for a \$550,000 federal award amount.

Years 1 and 2: 80 percent federal share and 20 percent recipient share

Year 3: 60 percent federal share and 40 percent recipient share

Years 1 & 2 Escalating Match

Formula					
Step 1	Award Amount	÷	% of Federal Share	=	Total (Adjusted) Project Cost
Step 2	Total (Adjusted) Project Cost	x	% of Recipient’s Share	=	Required Match
Example					
Years 1 & 2 Escalating Match Requirement – 80/20 (Federal Share/Recipient’s Share) Federal Award Amount = \$300,000 (of the \$550,000)					
Step 1	\$300,000	÷	80% Federal Share	=	\$375,000
Step 2	\$375,000	x	20% Recipient’s Share	=	\$75,000

Year 3 Escalating Match

Formula					
Step 1	Award Amount	÷	% of Federal Share	=	Total (Adjusted) Project Cost
Step 2	Total (Adjusted) Project Cost	x	% of Recipient's Share	=	Required Match
Example					
Year 3 Escalating Match Requirement – 60/40 (Federal Share/Recipient's Share) Federal Award Amount = \$250,000 (of the \$550,000)					
Step 1	\$250,000	÷	60% Federal Share	=	\$416,667
Step 2	\$416,667	x	40% Recipient's Share	=	\$166,667

See the [Application Resource Guide](#) for additional information on this escalating match requirement and step-by-step instructions for entering match amounts in the budget.

APPLICATION CONTENTS, SUBMISSION REQUIREMENTS, AND DEADLINES

This NOFO contains all the information needed to apply for this funding opportunity. The application for this funding opportunity is submitted through web-based forms and attachments in Grants.gov and JustGrants through the steps that follow.

Unique Entity Identifier (UEI) and SAM.gov Registration

To submit an application, an applicant must have an active registration in the [System for Award Management \(SAM.gov\)](#). SAM.gov assigns entities a unique entity identifier (UEI) that is required for the entity to apply for federal funding. Applicants will enter their UEI with their application. Award recipients must then maintain an active UEI for the duration of their award's period of performance.

First-time Registration: Entities registering in SAM.gov for the first time will submit information about their entity type and structure, financial information (such as dates of the fiscal year, banking information, and executive compensation), entity points of contact, and other information. The information is reviewed and verified by SAM.gov, and then a UEI is issued. This process may take several weeks, so entities considering applying for funding should begin the registration process as soon as possible.

Renewing an Existing Registration: Entities must renew their SAM.gov registration every 12 months to keep it active. If an entity does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent the submission of an application for funding in Grants.gov and JustGrants.

Applicants are encouraged to start the SAM.gov registration or renewal process **at least 30 days prior to the application's Grants.gov deadline**. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not be able to complete the process in time and will not be considered for a technical waiver that allows for late submission.

Submission Instructions: Summary

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants. See [Basic Information: Key Dates](#) for the Grants.gov and JustGrants application deadlines.

- **Step 1:** The applicant must submit the required [Application for Federal Assistance SF-424](#) by the Grants.gov deadline.
- **Step 2:** The applicant must submit the full application, including attachments, through JustGrants by the deadline (see [JusticeGrants.usdoj.gov](#)).

Submission Step 1: Grants.gov Submission of SF-424

Access/Registration

If the applicant does not already have a Grants.gov account, they will need to register for this opportunity in Grants.gov. Applicants should follow the Grants.gov [Quick Start Guide for Applicants](#) to register, create a workspace, assign roles, submit an application, and troubleshoot issues.

Submission of the SF-424

Applicants will begin the application process in Grants.gov with the submission of the SF-424, which collects the applicant's name, address, and UEI; the funding opportunity number; and proposed project title, among other information. The SF-424 must be signed by the Grants.gov Authorized Organizational Representative for the applicant.

See the [Application Resource Guide](#) for additional information on completing the SF-424.

Section 8F – Applicant Point of Contact: Please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*i.e.*, email address) to assign the application to this user in JustGrants.

Section 19 – Intergovernmental Review:

This funding opportunity is not subject to [Executive Order \(E.O.\) 12372](#) (Intergovernmental Review). Applicants should answer section 19 by selecting, "Program is not covered by E.O. 12372."

An applicant should submit the SF-424 as early as possible and recommended not later than 48 hours before the Grants.gov deadline. If an applicant fails to submit the SF-424 in Grants.gov by the deadline, they will be unable to submit their application in JustGrants.

Once the first part of the application has been successfully submitted in Grants.gov, the Grants.gov Workspace status will change from "In Progress" to "Submitted." Applicants will also receive a series of four Grants.gov email notifications. Refer to the [DOJ Application Submission Checklist](#) for additional details.

If an applicant needs to update information in the SF-424 after it is submitted in Grants.gov, they can update the information as part of their JustGrants submission (see [Application Contents, Submission Requirements, and Deadlines: Standard Applicant Information](#)). They do not need to submit an update in Grants.gov.

Submission Step 2: JustGrants Submission of Full Application Access/Registration

For first-time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the email address listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after confirmation from Grants.gov of the SF-424 submission.

Creating and setting up a JustGrants account consists of three steps:

1. Follow the instructions in the email to first confirm who will be the Entity Administrator (the person who manages which staff can access JustGrants on behalf of the applicant).
2. Log in to JustGrants and confirm the information in the Entity Profile.
3. Invite other people who will serve as the Application Submitter and the Authorized Representative for the applicant to register for JustGrants.

These steps should be completed in JustGrants as early as possible and recommended not later than 48 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Applicants can find additional information on JustGrants registration in the [DOJ Grant Application Submission Checklist](#).

Preparing for Submission

Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare, enter, and upload all the requirements of the application.

Applicants may save their application in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants. After the application deadline, no changes or additions can be made to the application. **OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline.**

For additional information, including file name and type requirements, see the “How To Apply” section in the [Application Resource Guide](#) and the [Application Attachment Tips](#) resource.

Standard Applicant Information

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and can make whatever edits are needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A proposal abstract (no more than 2,000 characters) summarizing the proposed project must be completed in the JustGrants web-based form. The text from abstracts will be made publicly available on the OJP.gov and USASpending.gov websites if the project is awarded, so this section of the application should not contain any personally identifiable information (e.g., the name of the project director).

The abstract should be in paragraph form without bullets or tables and written in the third person (e.g., they, the community, their, themselves, rather than I or we). The abstract should include the following information:

- The name of the applicant’s proposed project.
- The purpose of the proposed project (*i.e.*, what the project will do and why it is necessary) and if the proposed project is to plan, implement, or expand a comprehensive program.
- Where the project will take place (*i.e.*, the service area, if applicable).
- Who will be served by the project (*i.e.*, who will be helped or have their needs addressed by the project).
- What activities will be carried out to complete the project.
- The subrecipient(s)/partner organizations or entities, if known.
- Deliverables and expected outcomes (*i.e.*, what the project will achieve).

See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High-Risk Status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess what financial management and internal control systems the applicant has in place, whether these systems would be sufficient to maintain a funding award, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High-Risk Status\)](#) for additional guidance on how to complete the questionnaire.

Proposal Narrative

Format of the Proposal Narrative: The Proposal Narrative will be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point size font; have no less than 1-inch margins; have numbered pages; and should not exceed 15 pages. If the Proposal Narrative does not comply with these restrictions, OJP may consider such noncompliance in peer review and in final award decisions.

Sections of the Proposal Narrative: The Proposal Narrative must include all of the following sections.

a. Description of the Need: What critical issue or problem is the applicant proposing to address with this project? Please include:

- A brief explanation of the need, gap, or issue related to behavioral health disorders among people in the criminal justice system.
- Share data or evidence showing how common the need, gap or issues are in this population, how they affect repeat offenses, and what challenges people face when re-entering the community.
- Connect the need, gap or issue to the goals of the JMHCP, highlighting the need for collaboration between mental health services and the criminal justice system to tackle these challenges. Identify which points on the SIM will be impacted.

b. Project Goals and Objectives: How will the proposed project address the need identified and address the purpose of the NOFO? Please include:

- Broad project goals that reflect the vision of reducing criminal justice involvement and improving outcomes for people with behavioral health disorders.
- Specific project objectives that detail measurable outcomes, such as decreasing recidivism rates, increasing access to mental health services, and enhancing community support systems.
- A discussion on how these goals and objectives align with the goals of the JMHCP, including fostering collaboration and promoting effective interventions.

c. Project Design and Implementation: How will the applicant implement project activities that meet the goals and objectives? Please include:

- Explain what the project will do, for example, partnering with local mental health agencies, training criminal justice workers, and/or creating more programs for people in the justice system.
- Describe at which sequential intercept(s) the proposal seeks to serve people/make systemic improvements.
- A plan for how the project will carry out activities, including steps for working together and involving the community.
- A timeline indicating when each activity will take place throughout the project.
- Identification of key staff members responsible for implementing these activities and their relevant qualifications.
- A description of the target population that will benefit from the project, how many people will be served/trained and how they will be engaged.
- An overview of expected deliverables, such as progress reports, training materials, and evaluation results.
- If applicable, a description of any subrecipients involved, their roles, and how they will contribute to the project.
- If applicable, prior JMHCP awardees who have already completed and received BJA approval of the required P&I Guide should identify they have completed it in the proposal narrative.

If the applicant plans to use subrecipients to help conduct the project, please name them (if they are known) or describe how the applicant will identify them. Please describe their role in conducting project activities.

d. Capabilities and Competencies: What administrative and technical capacity and expertise does the applicant bring to successfully complete this project? Please include:

- A short description of the applicant's capacity to deliver the proposed project and meet the requirements of the award, including collecting and reporting the required performance measure data. Who will be responsible for this task, and how will the applicant collect the data? Refer to [Program Description: Performance Measures](#) for additional details on performance measures for this funding opportunity.
- A summary of past projects or activities that demonstrate the applicant's experience in addressing similar issues within the criminal justice system and mental health field.
- A summary of relevant experience of team members with key responsibilities for implementing the project.

Project Evaluations: An applicant that proposes to use award funds to conduct project evaluations must follow the guidance in the [“Note on Project Evaluations”](#) section in the [Application Resource Guide](#).

Budget and Associated Documentation: Budget Detail Form

The applicant will complete the JustGrants budget detail form. The form collects the individual costs under each cost category needed to implement the proposed project. Applicants should ensure that the name/description of each cost is clear and provide the detailed calculation (e.g., cost per unit and number of units) for the total cost. Applicants should enter additional narrative, as needed, to fully describe the cost calculations and connection to the project goals and objectives.

Budget proposals should include the funding needed to implement the proposed activities. In preparing their budget proposals, applicants should consider what types of costs are allowable, if awarded funding. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the project funded under the federal award and when they comply with the funding statute and agency requirements, including the conditions of the award and the cost principles set out in [2 C.F.R. Part 200, Subpart E](#) and the [DOJ Grants Financial Guide](#).

The applicant should identify within their budget which items, services, etc., will/would be covered by matching sources and explain what type of match will be provided.

Applicants should structure their budgets to allocate \$100,000 to complete the planning phase within 12 months of receiving final OJP approval of the project's budget. The applicant will need to clearly identify which budget line items are planning costs. While applicants will be required to submit a budget for the entire 36-month project at the time of application submission, applicants may have the opportunity to revise their budget based on any outcomes from the planning phase. Program budget approval and coordination with BJA and a technical assistance coordinator are required to complete the planning phase before beginning the implementation phase.

In addition to unallowable costs identified in the [DOJ Grants Financial Guide](#), award funds may not be used for the following:

- Prizes, rewards, entertainment, trinkets, or any other monetary incentives
- Client stipends
- Gift cards
- Vehicle purchases
- Food and beverages

Costs Associated With a Conference/Meeting/Training: An applicant that proposes to use award funds for activities related to a conference, meeting, training, or similar event should review the [Application Resource Guide](#) for information on prior approval, planning, and reporting costs for a conference/meeting/training.

Costs Associated With Language Assistance and Access: If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable in specific grant programs. Costs to provide reasonable accommodation and facilitate language access for individuals who are deaf or hard of hearing may also be allowable in specific grant programs. See the [Application Resource Guide](#) for information on costs associated with language assistance.

For additional information about how to prepare a budget for federal funding, see the [Application Resource Guide](#) section on "[Budget Preparation and Submission Information](#)" and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

Budget and Associated Documentation: Budget/Financial Attachments

Indirect Cost Rate Agreement (if applicable): An applicant with a current, federally approved indirect cost rate agreement should upload it as an attachment in JustGrants.

Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary for the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for operation and maintenance of offices or workspaces and salaries of administrative or support staff. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III–VII of 2 C.F.R. Part 200. A non-federal applicant should follow the guidelines applicable to its type of organization. See the [DOJ Grants Financial Guide](#) and the [OJP Grant Application Resource Guide](#) for additional information on indirect cost rate agreements.

Consultant Rate (if applicable): OJP has established maximum rates for consultants; see the “Listing of Costs Requiring Prior Approval” section of the [DOJ Grants Financial Guide](#) for more information. If an applicant proposes a rate for a consultant on their project that is higher than the established maximum rate and receives an award, then the award recipient must submit a document requesting approval for the rate and cannot incur costs at the higher rate without prior OJP approval. The award recipient must provide justification for why the proposed rate is higher than the established maximum rate, such as why the rate is reasonable and consistent with that paid for similar services in the marketplace.

Limitation on Use of Award Funds for Employee Compensation for Awards Over \$250,000; Waiver (if applicable): If an applicant proposes to hire employees with federal award funds, for any award of more than \$250,000, the recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government’s Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. Applicants may request a waiver from this requirement by submitting the appropriate form. See the [Application Resource Guide](#) for information on the “Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver.”

Disclosure of Process Related to Executive Compensation (if applicable): An applicant that is a nonprofit organization may be required to make certain disclosures relating to the processes it uses to determine the compensation of its officers, directors, trustees, and key employees. If applicable, the applicant will upload a description of the process used to determine executive compensation as an attachment in JustGrants. See the [Application Resource Guide](#) for information.

Memorandum of Understanding (MOU) or Letter of Intent

For each named partner, applicants should include a signed Memorandum of Understanding (MOU) or a letter of intent that confirms the partner’s agreement to support the project through commitments of staff time, space, services, or other project needs. MOUs or letters of intent demonstrate the commitment of partner organizations to participate in the project. An MOU is a formalized commitment of staff and/or resources that is signed by authorized representatives of both partner organizations. A letter of intent indicates the organizations’ intention to partner, but the details of the commitment have not been fully worked out and officially agreed to.

Each MOU should include the following:

- Names of the organizations involved in the agreement.

- What service(s) and other work will be performed under the agreement by what organization.
- Duration of the agreement.

MOUs should be submitted as one separate attachment to the application.

Unsigned draft MOUs may be submitted with the application, but the applicant should describe in a cover page to the attachment why it is unsigned.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

Tribal Authorizing Resolution (if applicable): An application in response to this NOFO may require inclusion of Tribal authorizing documentation as an attachment. If applicable, the applicant will upload the Tribal authorizing documentation as an attachment in JustGrants. See the [Application Resource Guide](#) for information on Tribal authorizing resolutions.

Research and Evaluation Independence and Integrity Statement (if applicable): If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will upload documentation of its research and evaluation independence and integrity as an attachment in JustGrants. For additional information, see the [Application Resource Guide](#).

Letters of Support: A letter of support is from an entity or individual that knows the applicant's work. The letter tends to speak to the applicant's capacity to implement their proposed project for the benefit of the community. It differs from an MOU in that the entity is not committing staff, services, or supplies to help the applicant implement the project. Applicants should include, for each named supporting entity, a signed letter of support that outlines the supporting entity's reasons for supporting the project.

Each letter of support may include descriptions of the following:

- Relationship between the applicant entity and the supporting entity.
- Need for and benefits that would be gained from the project.
- Applicant's capacity to complete the proposed project.

Letters of support should be signed and submitted as one separate attachment to the application in JustGrants.

Timeline: Provide a timeline listing key activities and milestones, and the months during which they will take place.

Documentation to Provide Services: To be eligible, when applying as "other," the applicant must attach documentation to support their designation as a state or local government provider.

Subrecipient and Contract Disclosure: The applicant must include an attachment disclosing any proposed subrecipients and contracts. (See sample table at end of this notice of funding opportunity.)

Planning and Implementation Guide (If Applicable): Prior JMHCP awardees who are applying for FY25 funds to enhance or expand their programs and have already completed and

received BJA approval of the required Planning and Implementation (P&I) Guides should attach the approved P&I guide with their initial application.

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities: JustGrants will prompt each applicant to indicate if it is required to complete and submit a lobbying disclosure under 31 U.S.C. § 1352.

The applicant is required by law to complete and submit a lobbying disclosure form (Standard Form/SF-LLL) if it has paid or will pay any person to lobby in connection with the award for which it is applying AND this application is for an award in excess of \$100,000. This disclosure requirement is not applicable to such payments by an Indian Tribe, Tribal organization, or any other Indian organization that are permitted by other federal law.

Lobbying means (for this requirement) influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress. See 31 U.S.C. 1352; 28 C.F.R. part 69. Note: Most applicants do not engage in activities that trigger this disclosure requirement.

An applicant that is not required by law (31 U.S.C. 1352) to complete and submit a lobbying disclosure, should enter “No.” By doing so, the applicant is affirmatively asserting (under applicable penalties) that it has nothing to disclose under 31 U.S.C. § 1352 with regard to the application for the award at issue.

Disclosure of Duplication in Cost Items: To ensure funding coordination across grantmaking agencies, and to avoid unnecessary or inappropriate duplication of grant funding, the applicant must disclose if it has any pending applications for federal funding, including pending applications for subawards of federal funds, for the same project and the same budget items included in this proposal. Complete the JustGrants Applicant Disclosure of Duplication in Cost Items form. See the [Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances: Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [Application Resource Guide](#) for additional information.

DOJ Certifications: Review the DOJ document [Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Coordination with Affected Agencies](#). An applicant must review and sign the certification document in JustGrants. See the [Application Resource Guide](#) for more information.

Applicant Disclosure and Justification – DOJ High-Risk Grantees (if applicable): If applicable, submit the DOJ High-Risk Disclosure and Justification as an attachment in JustGrants. A DOJ high-risk recipient is an award recipient that has received a DOJ high-risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, noncompliance with award terms and conditions on prior awards, or that is otherwise not responsible. See the [Application Resource Guide](#) for additional information.

Submission Dates & Times

Refer to [Basic Information: Key Dates](#) for the submission dates and times.

Applicants should submit their applications as early as possible and recommended not later than 48 hours before the deadlines. To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline. Applicants will use the Certify and Submit feature in JustGrants to confirm that all required application components have been entered, which includes identifying the Authorized Representative for the applicant. Once the application is submitted, the Application Submitter, Authorized Representative, and Entity Administrator receive a confirmation email.

An applicant will receive emails after successfully submitting application components in Grants.gov and JustGrants and should retain all emails and other confirmations received from the SAM.gov, Grants.gov, and JustGrants systems.

Experiencing Technical Issues Preventing Submission of an Application (Technical Waivers)

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. OJP will only consider requests to submit an application via alternative methods or after the deadline when the applicant can document that there is a technical issue with a government system that was beyond their control and that prevents submission of the application via the standard process prior to the deadlines. Issues resulting from circumstances within the applicant's control, such as failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time, will not be considered.

Requests and documentation must be sent to the OJP Response Center at grants@ncjrs.gov. Applicants should follow these steps if they experience a technical issue:

- 1. Contact the relevant help desk to report the issue and receive a tracking number.**

See [Basic Information: Contact Information](#) for the phone numbers, email addresses, and operating hours of the SAM.gov, Grants.gov, and JustGrants help desks. Reports of technical issues to the help desk must occur **before** the application deadline.

If an applicant calls the help desk and experiences a long wait time, they can also email the help desk to obtain a tracking number. Tracking numbers are generated automatically when an applicant emails the applicable service desk, and for this reason, long call wait times for support do not relieve the applicant of the responsibility of getting a tracking number.

2. If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. The applicant's request will need to include:

- A description of the technical difficulties experienced (provide screenshots if applicable).
- A timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit, and date and time support representatives responded).
- An attachment of the complete grant application and all the required documentation and materials (this serves as a "manual" submission of the application).
- The applicant's unique entity identifier (UEI).
- Any SAM.gov, Grants.gov, and JustGrants Service Desk tracking/ticket numbers documenting the technical issue.

3. If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline. See step 2 for the list of information the applicant must provide as part of its request.

As a reminder: the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information previously listed), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the "Experiencing Technical Issues" section in the [Application Resource Guide](#).

APPLICATION REVIEW

Responsiveness (Basic Minimum Requirements) Review

OJP screens applications to ensure they meet the basic minimum requirements (BMR) prior to conducting the merit review. Following are the basic minimum requirements for this funding opportunity. If OJP determines that an application does not include these elements, it will not proceed to merit review and will not receive any further consideration.

- The application is submitted by an eligible applicant.
- The requested award amount does not exceed the award ceiling.
- The application is responsive to the scope of the NOFO.
- The following application elements are included:
 - SF-424 (Grants.gov)
 - Proposal Narrative (JustGrants)
 - Budget detail form, which includes the budget items, their calculations, and explanation (JustGrants)
 - Memorandum of Understanding (MOU) or Letter of Intent

Applicants whose application fails to meet the BMR are provided notice (including an appropriate point of contact for questions) within a few weeks after the submission due date.

Merit Review Criteria

Peer Review Criteria

Applications that meet the basic minimum requirements will be evaluated for technical merit by peer reviewers based on how the proposed project/program addresses the following criteria:

- **Statement of the Problem/Description of the Issue (15%):** What critical issue or problem the applicant is proposing to address with this project.
- **Project Goals and Objectives (30%):** How the proposed project will address the identified need and the purpose of the funding opportunity.
- **Project Design and Implementation (25%):** The strength of how the applicant will implement activities, including the soundness of the project design and how the activities align to the stated goals and objectives.
- **Capabilities and Competencies (20%):** The applicant's administrative and technical capacity to successfully complete this project.
- **Budget (10%):** Completeness and cost effectiveness.

Programmatic and Financial Review Criteria

After the peer review, applications undergo additional programmatic and financial reviews. OJP staff may reach out to applicants during the programmatic or financial review if a submitted form is incomplete or needs to be updated. Note that OJP staff are not authorized to provide information on peer review scores or comment on programmatic, risk, or budget/financial reviews while the merit review is in progress.

In addition to BMR and peer review criteria, other important considerations for OJP include geographic diversity (including, but not limited to, remote and geographically isolated communities, such as Alaska Native villages), strategic priorities (including, but not limited to,

the priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the budget detail form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. If cost sharing/match is not required for this opportunity, applicants will not receive higher consideration by proposing a voluntary match contribution in their budget.

Risk Review

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to applicant risk. OJP assesses whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, including by (among other things) checking whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

Depending on the severity and nature of the risk factors, the risk assessment may result in the removal of an applicant from consideration or selection for award, or it may result in additional post-award conditions and oversight for an awarded applicant.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important Note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Selection Process

All final award decisions will be made by the Assistant Attorney General, unless a statute explicitly authorizes award decisions by another official or there is written delegation of authority to another official. This official may consider not only peer review ratings and program office recommendations but also other factors as indicated in the “Application Review” section to make final award decisions. For additional information on the application review process, see the [Application Resource Guide](#).

AWARD NOTICES

Federal Award Notices

Award notifications are usually sent by September 30 (the end of the current federal fiscal year). For successful applicants, JustGrants will send a system-generated email to the Application Submitter, Authorized Representative, and Entity Administrator with information on accessing their official award package in JustGrants. The award package will include key information (such as funding amount and period of performance) as well as award conditions that must be followed. The Authorized Representative for the entity should accept or decline the award within 45 days of the notification. See the [Application Resource Guide](#) for information on award notifications and instructions.

Applicants not selected for award will receive notification after all award recipients have been notified. OJP also provides unsuccessful applicants with a summary of peer reviewer comments.

Future Funding Opportunities

OJP may, in certain cases, provide additional funding in future years to awards made under this funding opportunity through continuation awards. When making continuation award decisions, OJP will consider, among other factors, OJP's strategic priorities, a recipient's overall management of the award, and the progress of the work funded under the award.

Applications submitted under this FY 2025 funding opportunity may be funded in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

POST-AWARD REQUIREMENTS AND ADMINISTRATION

Reporting

All award recipients under this funding opportunity will be required to submit the following reports and data:

- Quarterly financial reports.
- Semi-annual performance reports.
- Final financial and performance reports.
- If applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions.

See the [Application Resource Guide](#) for additional information on specific post-award reporting requirements, including performance measure data and the method for submitting reports in OJP's online systems. Future awards and fund drawdowns may be withheld if reports are delinquent, and in appropriate cases, OJP may require additional reports.

Performance Measure Reporting

Award recipients are required to submit performance measure data and performance reports in JustGrants on a semi-annual basis. Applicants selected for an award will receive further guidance on post-award reporting processes.

Program- and Award-Specific Award Conditions

OJP includes various conditions on its awards. These may include program-specific conditions, which typically apply to all recipients of a funding opportunity, and award-specific conditions, which are included to address recipient-specific issues (e.g., programmatic or financial risk). Recipients may view all conditions, and actions required to satisfy those conditions, in the award package in JustGrants.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit the award recipient from discriminating on the basis of race, color, national origin, sex, religion, or disability in how it delivers its program's services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include, but are not limited to, Title VI of the Civil Rights Act of 1964, the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968, and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail on OJP's [Legal Overview—FY 2025 Awards](#) webpage under the

“Civil Rights Requirements” section. Additional resources are available from the [OJP Office for Civil Rights](#).

Complying with civil rights laws that prohibit national origin discrimination includes the requirement that recipients and subrecipients take reasonable steps to ensure that people with limited English proficiency (LEP) have meaningful access to a recipient’s programs and activities. An individual with LEP is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. DOJ offers resources to help recipients meet this requirement, including [Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons](#); a [language access assessment and planning tool](#) with [commonly asked questions](#); and additional resources on [the Office of Justice Programs’ Office for Civil Rights website](#).

Faith-based organizations may apply for this award on the same basis as any other organization subject to the protections and requirements of 28 C.F.R. Part 38 and any applicable constitutional and statutory requirements, including 42 U.S.C. 2000bb et seq. The Department of Justice will not, in the selection of recipients, discriminate for or against an organization on the basis of the organization’s religious character, motives, or affiliation, or lack thereof, or on the basis of conduct that would not be considered grounds to favor or disfavor a similarly situated secular organization. A faith-based organization that participates in this funded program will retain its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law. An organization may not use direct Federal financial assistance from the Department of Justice to support or engage in any explicitly religious activities except when consistent with the Establishment Clause of the First Amendment and any other applicable requirements. An organization receiving Federal financial assistance also may not, in providing services funded by the Department of Justice, or in their outreach activities related to such services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this NOFO may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.

Other Reporting Requirements

Applicants and recipients are required to notify OJP if you know that you or any of your organization’s principals for the award transaction are presently excluded or disqualified (*i.e.*, debarred or suspended) or otherwise meet any of the criteria in 2 C.F.R. 180.335. Recipients must comply with requirements in 2 C.F.R. Part 180, as implemented by DOJ in 2 C.F.R. Part 2867, which, among other things, require recipients to check certain information sources and, in

some cases, notify the federal awarding agency prior to the agency awarding federal funds via contracts or subawards.

If a recipient's award includes a federal share of more than \$500,000 over the period of performance of the award, then the award (per 2 C.F.R. 200.113) will include a condition that may require the recipient to report and maintain certain information (relating to certain criminal, civil, and administrative proceedings) in SAM.gov.
